You can always tell the winners
Saints and the sinners
Down at the starting line
I'm a lucid vision
Of the unforgiven
I'm your wave-tossed guy

King-size repercussions
Trouble by the dozen
Stakes have never been higher
Come back when you're younger
Cuz I can feel the thunder
1-800-It's-Time

OOOOOHHHHH YEEEEAAAAAHHHHHHHHH
We came... we came... we came through blood and fire
We came... we came... we came through blood and fire
Now look at all of the people here tonight...

It's a world of fools
That's just what's expected
None of 'em know it
Or even suspect it
God must love the lazy
Shiftless and the crazy
(he) put so many in line

OOOOOHHHHH YEEEEAAAAAHHHHHHHHH
We came... we came... we came through blood and fire
We came... we came... we came through blood and fire
Now look at all of the people here tonight...

Forgotten empires
Lost victories, long past
Every time I bloomed again
I thought it was the last
And then something crazy happens
and... BOOM!
I'm doing the victory dance!

Told ya I was comin' back...
(Told Ya!)

Say you missed me...
(Say it!)
Say it like ya mean it!

(GUITAR SOLO!)

You can always tell the winners
The saints and the sinners
Down at the starting line...

OOOOOOHHHHH YEEEEAAAAAHHHHHHHH
We came... we came... we came through blood and fire
We came... we came... we came through blood and fire
We came... we came... we came through blood and fire
