Take one

Hey
Alright
Woo
How 'bout 'cha now, come on
Oh yeah
Dig it! That's right
Is everybody ready? Let's go

(Movin' up and down)
Up 'n down
(Round and round)
Oh, round and round
(Movin' up and down)
In 'n out
(Round and round)
Yeow

Crank it! Blow out
Uh! Ouch
Help me
Now flip on over
Oh baby, you know that I like it
(Woop! Woop! Woop!)

(Movin' up and down)
She choked the chain
(Round and round)
She got the hook
(Movin' up and down)
Can't get away
(Round and round)
Ohh

Fever starts to climb, reaching 105
I need another shot o' your love

Love, love is the source
(Of infection)
Love, love is the source
(Of infection)

Hey, Eddie
Say what?
Yeah, that's what I'm talkin' about
Wax it on down
Woo
Ready, set, go

Oh yeah

Woo
That's right

Love, love is the source
(Of infection)
Love, love is the source
(Of infection)
Love, love, love, love is the source
(Of infection)

Love, love is the source
(Of infection)
Love, love is the source
(of infection)

Love, love is the source
(Of infection)
Love, love, love, love is the source
(Of infection)
