Here's another goodbye song
I'm running out of words to say
How bad I feel
How sad and real
When someone says goodbye
And I am not prepared to cry

Here's another goodbye song
I feel the words are comin' now
And they reveal how bad I feel
Cause you're not comin' back to me

I hear your thoughts
I hear your every word they linger in my heart
I see your face I hear your voice
With both eyes closed I hear your breathe
I never thought this day would come
When you would say goodbye

Here's another goodbye song
Here's another goodbye song
I feel the words are comin' now
And they reveal how bad I feel
Cause you're not comin' back to me

Here's another goodbye song
I'm running out of words to say
How bad I feel How sad and real
When someone says goodbye
And I am not prepared to cry

Here's another goodbye song
Here's another goodbye song
I feel the words are comin' now
And they reveal how bad I feel
Cause you're not comin' back to me

I hear your thoughts
I hear your every word
They linger in my heart
I see your face I hear your voice
With both eyes closed I hear your breathe

I never thought this day would come
When you would say goodbye

Here's another goodbye song
Here's another goodbye song
I feel the words are comin' now
And they reveal how bad I feel
Cause you're not comin' back
Cause you're not comin' back... to me
