Change with the times  
Change with the times

Change with the times  
Change with the times.  
Wake up and look around  
Change with the times

Check out what's going down  
Change with the times  
Forget what used to be  
Change with the times

Deal with reality  
Change with the times

You've gotta:

Change with the times  
Keep an open mind  
Or you'll wake up and find the world's left you behind

You better catch up  
Change with the times

You've gotta change with the times  
Change with the times.

Change with the times  
Change with the times  
Change with the times  
Change with the times  
Wake up and you will hear  
Change with the times  
The truth is loud and clear  
Change with the times  
The good old days are gone  
Change with the times  
And time is marching on  
Change with the times  
You've gotta:

Change with the times  
Keep an open mind
