Blue and green
Wrote my song in blue and green
Blue and green
Wrote my song in blue and green
Well, I'd say till then I'm what I mean

Well, open the sky and Mother Nature's green
And if they wonder why
Just take a look, that's country scene
Driving through the land
Understanding the blue and green

Sometimes I feel like fainting
Well, I've been seeing red
Sometimes I feel like fainting
Well, I've been seeing red

We go on brother, one morning
We saw the blue and green was
Standing 'round my bed

Blue and green
It's the color that I see
Blue and green
Well, that doesn't mean
That you should envy me

Mean what I say and say what I mean
Blue and green

Well, early in the morning
Sometimes I feel like I'm seeing red
Well, early in the morning
And I feel like I'm seeing red
Had a blue soul in my breakfast
And a green hole in my head

Blue and Green
Sky is blue and Mother Nature is green
Keep on driving through the land
Take in a little look at the country scene
