When I first came to town, people
I was walking down Hasting Street
Everybody was talkin' about, Henry Swing Club
I decided to stop in there for awhile
And man, when I got there
Yeah, they were really havin' a ball

Well, I feel so good
(I wanna boogie)
I wanna boogie, I wanna boogie
Well, to the break of day
Say it again

Well, I feel so good
(I wanna boogie)
I wanna boogie, I wanna boogie
Well, to the break of day
Alright

When I was a young boy
I was layin' down one night
And I heard ma and pa talkin'
I heard pa tell ma
?Hey, come on, let that boy boogie-woogie
'Cause you know it's in him, and it's just got to come
out?
'Cause it's in him, and it's just got to come out

Well, feels so good, child
(I wanna boogie)
I wanna boogie, I wanna boogie
I wanna boogie
Lord, till the break-a day
Chillen, I'm chillen

Well, I feel so good, my Lord
(I wanna boogie)
I wanna boogie, I wanna boogie
Yeah-ow, till the break of day
