This life is driving you to drink  
Sitting round wondering just what to think  
Well I've got some consolation  
and I'll give it to you if I might  
You know I don't worry about a thing because  
Cuz' I know nothings gonna be alright

Well this world's just one big troubled spot  
Some have plenty, and some have not  
Ya know I used to be troubled but  
I finally saw the light  
Now I don't worry about a thing because I know  
Nothing's gonna be alright

Don't spend your time trying to be a go getter  
Things will get worse before they get any better  
Ya know there's always somebody playing with  
dynamite  
You know I don't worry about a thing because I know  
Nothings gonna be alright.
