I don't want to live on without you
It's so sad to be alone
Oh baby come home
I need you my room is so blue
I keep seeing your face, every place

Here in the gloom of my lonely room
I hold her handkerchief and smell her sweet perfume

I can't stand to live on without you
Oh my darling hear my plea
Come running back to me
I need you and my room is so blue
I keep seeing your face, every place

Whoa yeah now, here in the gloom of my lonely room
I hold her handkerchief and smell her sweet perfume

I can't stand to live on without you
Oh my darling hear my plea
Come running back to me
I need you, my room is so blue
I keep seeing your face, every place

Mmm I don't want to, I don't wanna baby
Whoa, I don't wanna, I don't wanna
No I can't stand alone without you
Please come on back to me yeah darlin

Come running on back, running on back, running on
back, running on back
Running on back to me

Come running on back to me
Come running on back to me
