I do not own this so I have never read the the lyrics there but this is what he sings

I forgot that love existed troubled in my mind.
Heartache after heartache, worried all the time.
I forgot that love existed
Then I saw the light
Everyone around me made everything alright.

Oh, oh Socrates and Plato they
they Praised it to the skies.
Anyone who's ever loved
Everyone who's ever tried.

If my heart could do the thinking
And my head begin to feel
* Would I look upon the world anew
And know what's truly real

*I forgot that love existed
And it strangled up my heart
Then I turned a brand new leaf
And made a brand new start

Oh Oh if my heart could do my thinking
And my head began to feel
would I look upon the world anew
And know what's truly real
what's truly real

I forgot that love existed

I forgot that love existed
