I have finally come to realize  
Child, don't do what I have done  
Cut my nose to spite my face  
Made my own odds ten thousand to one

I saw the empire slowly fade away  
Tried to grasp it with my hand  
Then I saw that it was not up to me  
I'm just one tiny, tiny grain of sand

Oh, sweet release, oh, how you soothe me  
When I let go, I love how you use me

I have finally come to realize, it's somethin' they're  
doin'  
Yeah, they're doin' that we find  
A certain way that we can live our lives  
And I'm takin' some peace of mind

Oh, sweet release, oh, how you soothe me  
And when I let go, and when I let go  
I love how you use me

I have finally come to realize, it's somethin' they're  
doin'  
Yeah, they're doin' that we find  
A certain way that we can live our lives  
And I'm takin' some peace of mind

I have finally come to realize, yes, I have  
Child, don't do, child, don't do what I have done  
I cut my nose, I cut my nose to spite my face  
I made my own odds ten thousand to one

I cut my nose to spite my face  
I made my own odds ten thousand to one  
One more time

I cut my nose, I cut my nose  
I cut my nose to spite my face  
I made my own odds ten thousand to one
