2mex produced by longevity  
So heavenly  
so long heavy d  
The over weight lover is in the apartment  
I hover over the hate of others  
I don't know where their hearts went  
Our hearts echo  
Art deco  
You tall gecko fall roman I saw (?????)  
Old mens suffer neck abrasions  
I told them  
I was tougher than neck anisa (?)  
Heckle a nation  
Like Fidel from seditious  
i'm living America with infidels and their riches  
Witches  
A wizard or a witches  
Even if their just lizards their still bitches  
Mind switches  
From topic to topic  
Nine stitches from the optic  
Dropkick redefines and blind follow me friend's  
laughter  
Be kind to find that all of this ends after  
You see that you're not the master  
In the seas pop the master  
And that's why the water is filled with salt  
And that's why the slaughtering and the killing must  
halt  
ahh call up and tell a clairvoyant  
Your all up in hell I'm so there that it's annoying  
I'm toying with you in my poem with heavy letters  
I'm showing you how to be your own Che araveug  
With out a beret my  
Lyrics will let  
I walk through the streets of Havana  
And I'm a let  
The infer red soak  
Am I a victim of an infinite joke?  
The reversal of the mirrors and smoke
