Once in a blue moon
Somethin' good comes along
Once in a blue moon
Every thing's not goin' wrong

When you get weary
Beatin' on the same old gong
Once in a blue moon
Someone like you comes along

Once every once in a while
Something comes along that feels just right
Once every once in a while
Just like switchin' on an electric light

And sometimes you try
Till you're blue in the face
But when you get that feelin'
Nothin's gonna take its place

Once in a blue moon
There's a thing called happiness
It happens when you're in
A state of natural grace

When the wind is blowin'
All around the fence
I get that happy feelin'
Things start makin' sense

All just feels so lucky
That you just can't go wrong
Once in a blue moon
Someone like you comes along

Once in a blue moon
There's a thing called happiness
It happens when you're in
A state of natural grace

When the grass is growin'
All around the fence

You get that happy feelin'
Everythin' starts makin' sense

And you get so lucky
That you can't go wrong
Once in a blue moon
Somethin' comes along

Once in a blue moon
Someone like you comes along
Once in a blue moon
Somethin' good comes along

Once in a blue moon
Someone like you comes along
