It's been so long  
Since I seen ya smilin'  
Made me think about, when you were a child  
It won't be long, I'm comin' home  
Gonna get you in my arms  
And make love, to you darlin'  
One more time

When I left, you didn't even say goodbye  
The tears kept rollin' from my eyes  
It won't be long, I'm comin' on home  
Gonna get you in my arms and make love  
To you darlin' just one more time, umm

(instrumental)

Yes, it won't be long  
I'm comin' on home  
Gonna get you in my arms  
And make love to you you darlin'

Just one more time

Spoken:  
Well they say, in this here world  
There's a girl for every boy  
You're the one, you're the one  
Who's brought me so much joy

It won't be long  
I'm comin' on home  
Gonna get you in my arms  
I'll make love to you darlin'  
Just one more time, yeah  
One more time  
One more time  
Just one more time
