On a gold Autumn day
You came my way in Orangefield
Saw you standing by the river in Orangefield
How I love you then, in Orangefield
Like I love you now, in Orangefield

And the sun shone on your hair
When I saw you there, in Orangefield
Saw you standing by the river, in Orangefield
How I loved you then in Orangefield
Like I love you now in Orangefield

And the sun shone so bright
And it lit up all our days
You were the apple of my eye
Baby, it's true

On a golden Autumn day
All my dreams came true in Orangefield
On a throne of Ulster day
You came my way in Orangefield
How I loved you then, in Orangefield
Like I love you now, in Orangefield

And the sun shone so bright
And it lit up all our lives
You were the apple of my eye
Baby, was you

On a throne of Ulster day
You came my way in Orangefield
Saw you standing by the river in Orangefield
How I loved you then, in Orangefield
Like I love you now, in Orangefield
How I loved you then, in Orangefield
Like I love you now, in Orangefield
