Something you got baby  
You ought to know  
Its something you got baby  
Make me wanna be sold

Something you got baby  
And you ought to know  
A whoa whoa whoa whoa  
I said, my my, whoa whoa  
I love you so

Well its something you got baby  
Make me work hard everyday, everyday  
Something you got baby  
Make me bring home my pay yeah

And something you got baby  
You ought to know  
Whoa whoa whoa whoa  
I said a my my, whoa whoa  
I love you so  
Hey, hey, hey

(instrumental)

Well its something you got baby  
Make me come home every night, every night, every  
night  
Its something you got baby  
Make me wanna feel alright, feel alright

Something you got  
And you ought to know  
Oh whoa, whoa, whoa, whoa  
I said a my my, whoa whoa  
My my my my my my, whoa whoa  
I said a my my, whoa whoa  
My my my my my my, whoa whoa  
I said a my my, whoa whoa  
I love you so
