Oh sweet Jannie, won't you come out tonight?
Oh sweet Jannie, girl won't you come out tonight?
I want to take you walkin' way out in the clear moonlight

Oh baby, baby come on take me by my hand
Oh baby come on take me by my hand
I don't want to stop walkin'
Till we get up to the preacher man

I've been in love with you baby
Ever since you were back in Sunday school
I've been in love with you baby
Ever since you were back in Sunday school
And I knew right there and then
I just wanted to be your fool

Oh sweet Jannie, baby won't you come out tonight?
Alright
I said baby, baby, baby, baby, baby, baby come out
tonight
I want to take you walkin' way out on the clear
moonlight

One more time
Baby, baby, baby, baby come on out tonight
Baby baby, baby come on out tonight
I'm gonna keep on walkin' way out in the clear
moonlight

Oh baby baby come on let's shuffle out tonight
Oh baby, baby, baby, baby come on let's shuffle out
tonight
Gonna keep on shuffling to make everything alright
