

## Van Morrison "The Healing Game"

Visit "[The Healing Game](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Here I am again  
Back on the corner again  
Back where I belong  
Where I've always been

Everything the same  
It don't ever change  
I'm back on the corner again  
In the healing game

Down those ancient streets  
Down those ancient roads  
Where nobody knows  
Where nobody goes

I'm back on the corner again  
Where I've always been  
Never been away  
From the healing game

Where the choirboys sing  
Where I've always been  
Sing the song with soul  
Baby, don't you know?

We can let it roll  
On the saxophone  
Back street Jelly Roll  
In the healing game

Where the homeboys sing  
Sing the songs of praise  
'Bout their golden days  
In the healing game

Sing it out loud  
Sing it in your name  
Sing it like you're proud  
Sing the healing game

Sing it out loud  
Sing it in your name

Sing it like you're proud  
Sing the healing game

Sing the healing game

Sing the healing game  
Sing it in your name  
Sing the healing game

Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing it in your name  
Sing me the healing game

Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing it in your name  
Sing the healing game

Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing it in your name  
Sing the healing game

Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing it in your name  
Sing the healing game

Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing the healing game

Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing the healing game  
Sing it in your name  
Sing the healing game
