We strolled through fields, all wet with rain
And back along the lane again
There in the sunshine, in the sweet summertime
The way that young lovers do

I kissed you on the lips once more
And we said goodbye, just adoring the nighttime
Yeah, that's the right time
To feel the way that young lovers do

Then we sat on our own star
And dreamed of the way that we were
And the way that we were meant to be

Then we sat on our own star
And dreamed of the way
That I was for you and you were for me

And then we danced the night away

And turned to each other, sayin'
"I love you, I love you"
The way that young lovers do

Do, do, do

Then we sat on our own star
And dreamed of the way that we were
And the way that we wanted to be

Then we sat on our own star
And dreamed of the way
That I was for you and you were for me

I went on to dance the night away
And turned to each other, sayin'
"I love you, baby, I love you"
The way that young lovers do
Lovers do, lovers do

Do, do, do
