Verse one:

He knew he would soon have to fly,  
They had something, they were not afraid,  
He knew as he told her goodbye,  
There was one thing, no one could take away

Bridge:

I think it's gonna take me just a little bit more time,  
I think it's gonna take me just a little bit more time

Chorus:

Through the wind and the rain,  
She flows through my veins  
I'm not afraid,  
I have nothing, but she's something  
Through the tears and the pain,  
I see you again,  
I'm not afraid,  
I have nothing, but she's something

Verse two:

She knew that she'd soon be alone,  
This was not how, it was meant to be,  
And when she came home on her own,  
She could see now, this was reality

Bridge:

I think it's gonna take me just a little bit more time,  
I think it's gonna take me just a little bit more time

Chorus:

Through the wind and the rain,  
She flows through my veins  
I'm not afraid,  
I have nothing, but she's something  
Through the tears and the pain,  
I see you again,  
I'm not afraid,  
I have nothing, but she's something

Through the wind and the rain,  
She flows through my veins

I'm not afraid,  
I have nothing, but she's something  
Through the tears and the pain,  
I see you again,  
I'm not afraid,  
I have nothing, but she's something

Through the tears and the pain,  
She flows through my veins,  
I'm not afraid,  
I have nothing, but your something  
I have nothing, please give me something.
