I'm so lost in my thoughts  
Lying here in memories  
But I swear I won't fall  
No more  
I was blinded by you  
And I couldn't see the truth  
After all we've been through

You make me feel like I was falling down and down and  
down and down and doooooown  
Down and down and down and down and doooooown

And you didn't know how I felt  
'Cause you weren't there  
You didn't care, you never cared at aaaall  
Did you ever stop to think  
That I was there  
Not somebody else at your siiiiide

Now I'm moving ahead  
'Cause I know you won't be near  
Now I know what I need  
Only me  
Feeling blue, all alone  
Never thought this could be real  
Living just in my own

Feeling that my life is going round and round and  
round and round and roooooound  
Going round and round and round and round and  
roooooound

And you didn't know how I felt  
'Cause you weren't there  
You didn't care, you never cared at aaaall  
And did you at least stop to think  
That I was there  
Not somebody else at your siiiiide

Now I'm moving ahead  
'Cause I know you won't be near

Now I know what I need  
Only me  
Down and down and down and down and doooooown  
Down and down, down and down, down and down  
Round and round and round and round and roooooound  
Down and down, down and down, down and down  
Round and round and round, round and round and  
roound..
