Filth and dust fills up the air around me  
Liquid eyes makes it unable to see  
It's a blur, a situation I regret  
I've been standing in your shadow  
Since we met

You have me  
You know you have me  
I give myself to you

Liquid chain fills up  
The bathtub for me  
All the steams makes it unable to see  
I was stressed, I confessed when I wrote

As depressing as suicide notes

You had me  
You lost me  
I wanted to be lost

Our regular re-connection  
Makes me wanna leave your side  
Do you need all that protection  
(Maybe I'm a bit behind)  
I'm remorseless, an illusion  
Don't rely on me again  
What a time for revolution  
unleash the burning men

You had me  
You lost me

Our regular re-connection  
makes me wanna leave your side  
Do you need all that protection  
Maybe I'm a bit behind  
In lack of inspiration  
I would ask you for advice  
Stabilize my destination  
cause I'm falling when you rise
