(verse 1)

When you in a fight(2x)
I'm always by you side(2x)
I tell you just to cut it out
Why would we fit every single night
Just cut it out for me baby

(chorus)

Cut it out (3x)
For me I love you all but just
Cut it out
Don't need to act like you love meeeeeeeeeee
So just cut it out

(verse 2)

You might think I'm a know it all
But the truth is I just let it out
Don't need to fit with me or else I will have to say
Cut it out

(chorus)

Cut it out(2x)
Just cut it out
Oh ya
