Somedays I feel like The world isn't on my side The otherdays I just feel like shudding The world out Yeah

(Chorse) Sometimes I feel Like there's nothing to do But then you walked Into my sight I can't belive it's true I love you At first sight

I wanna hold your hand Touch your sweet lips And nothing to stand in our way But now the world is shudding me out

(Chorse)

I nust be heart broken To say what I have to say Infront of you3x Nothin' but love Until I love you (Chorse)
