Stay, forever who you are  
Don't change a thing  
Because you are perfect

You sway, gently in the breeze  
In between my dreams  
It kinda makes me nervous

You're storm, is lightning striking down  
To only strike me once  
Would still be worth it

[CHORUS:]  
In my dreams, you were perfect  
When I woke up, you were perfect

Love, as scaring as it is  
Tell me, is it real?  
If it aint hurting

I break, when sounding of you fades  
My colours bleed to one  
Nothing grows when your love is gone

[CHORUS:]  
In my dreams, you were perfect  
When I woke up, you were perfect  
Even when you run, you're still worth it  
Mmm... Here and now, the moment's perfect

[BRIDGE:]  
Your barriers have now fallen down  
But your love's still a part of me  
The way you end should be the way you were found  
Lost in spirit

In a river or a stream  
Happily you float  
While I'm clearly drowning

Regrets

I don't have not one  
I'd do it all again  
For you, I'd do anything

[CHORUS:]

In my dreams, you were perfect  
When I woke up, you were perfect  
Mmm... even when you run, you're still worth it  
Here and now, the moment's perfect

Perfect  
So perfect  
When you run  
Run, Yeah yeah yeah yeah run  
Even in my dreams  
When I wake up, perfect  
You're perfect  
Baby baby baby baby baby run  
Run run  
I broke, trying to keep up with you  
Because you're perfect
