Before I knew what I'd go through
You made me fall in love with you
Now I'm falling
But you're not catching me
I let you go than take you back
I'm serious like a heart attack
I'm so crazy
Obviously, naturally
I should be

I should be committed
For being committed
Someone like you
Makes me so blue
I should be arrested
For being obsessed with
Somebody like you
Somebody like you

Your love is like a tidal wave
Big and strong and misbehaved
Now I'm in and I can't sink or swim
You come around at 2 am
And I unlock my door again
Full compelled you
I'll be checking in again

I should be committed
For being committed
Someone like you
Makes me so blue
I should get arrested
For being obsessed with
Somebody like you
Somebody like you

I should be committed
I should be committed
I should be committed

I should be committed
Committed

I should be
Take me away now
Come on baby
Be Committed
Committed
Come on baby

I should be committed
For being committed
Someone like you
Makes me so blue
I should get no respect
For being obsessed with
Somebody like you
Somebody like you

Come on
Come on
