Turn it up, Turn it on  
Let the vibrate on your phone  
Call me up, wanna talk?  
Can you freeze me?  
It's the same when you're gone  
Keep me guessing what you want  
But my heart says that you could, could please me

I get umph in extremes  
And I should know what it means  
But I can't wear the game to be over  
All your moves never change  
Only got myself to blame  
'Cause I fall for it over and over

You're like my first bad habit  
I can't live without it  
I can't give you up, give you up  
And even though you're trouble  
I come back for double  
I can't say enough is enough  
I'm a part of you, you're a part of me  
And I know it's wrong but I can't get free  
You're like my first bad habit  
How am I gonna give you up?

You're the worst, you're the best  
Something different from the rest  
It's a fact seeing you's never easy  
Like my style, hate my friends  
Oh the conflict never ends  
How much worse can it get when you tease me?

Wanna know [4x]  
The way we go around  
Can't pull my first bad habit down  
Wanna know [4x]  
I just can't give you up

You're like my first bad habit  
I can't live without it  
I can't give you up, give you up

And even though you're trouble  
I come back for double  
I can't say enough is enough  
I'm a part of you, you're a part of me  
And I know it's wrong but I can't get free  
You're like my first bad habit  
How am I gonna give you up?

Turn it off, Turn it on  
Uh-off, off, on, on  
Keep me guessing what you want  
Guessing, guessing what you want  
Turn it off, Turn it on  
Uh-off, off, on, on  
Keep me guessing what you want  
Guessing, guessing what you want

You're like my first bad habit  
I can't live without it  
I can't give you up, give you up  
And even though you're trouble  
I come back for double  
I can't say enough is enough  
I'm a part of you, you're a part of me  
And I know it's wrong but I can't get free  
You're like my first bad habit  
How am I gonna give you up?
