I know what you're trying to do  
Know what you're trying to say  
You're giving me the eye  
Than pushing me away  
It's like you're playing games  
Like you're the only one  
We're both winning the same  
So think about it

All your friends are telling me  
There's only one ambition on your mind  
You keep on denying it  
But all the proof I need is in your eyes

You can say what you want  
Play it cool if you like  
But you're identified  
You play my heart 'cause you're smart  
Put up a front  
But I see what's inside  
That you're identified  
You play me heart 'cause you're smart

You keep asking how I am  
And watching what I do  
You waiting for the chance?  
Come on and tell the truth  
It's more than obvious  
The way you cover up  
So tell me why the fuss  
Just come on over

All your friends are telling me  
There's only one ambition on your mind  
You keep on denying it  
But all the proof I need is in your eyes  
(It's in your eyes)

You can say what you want  
Play it cool if you like  
But you're identified  
You play my heart 'cause you're smart

Put up a front  
But I see what's inside  
That you're identified  
You play me heart 'cause you're smart

You can say what you want  
Play it cool if you like  
But you're identified  
You play my heart 'cause you're smart  
Put up a front  
But I see what's inside  
That you're identified  
You play me heart 'cause you're smart

I got a confession  
I can see through what you're doing  
I could tell from the beginning  
That you're identified  
Come on over to me  
Tell me now before you lose me  
It's no secret you pursue me  
Got you identified

You can say what you want  
Play it cool if you like  
But you're identified  
You play my heart 'cause you're smart  
Put up a front  
But I see what's inside  
That you're identified  
You play me heart 'cause you're smart

You can say what you want  
Play it cool if you like  
But you're identified (identified)  
You play my heart 'cause you're smart  
Put up a front  
But I see what's inside  
That you're identified (identified)  
You play me heart 'cause you're smart
