Is anybody out there
Is anybody out there
Is anybody out there
Is anybody out there

Oh
So crazy
Martians invading
We're on the moon whoa whoa
It's so astrologic
Meteor shopping
Whoa yeah

It's like a rocket rocket
You can't stop it stop it
Once we blast off
It's like a lunar mission
This isn't science fiction
Leave your troubles on earth take my hand
We're ready to stand

We're defying gravity
Somewhere in the galaxy
There's a party on the moon
And your invited
Bring you friends too
It's so exciting
We're defying gravity
Somewhere in the galaxy
There's a party on the moon
And your invited
Bring you friends too
It's so exciting
Yeah yeah
Party on the moon

Is anybody out there
Is anybody out there

Oh
Star chasing
Masters evading

We're on the moon whoa whoa
I see milkey way hotties'
So beam me up scotty
Whoa yeah

It's like a rocket rocket
You can't stop it stop it
Once we blast off
You still might have some problems
And I know how to stop them
Just leave your troubles on earth take my hand
We're running away

We're defying gravity
Somewhere in the galaxy
There's a party on the moon
And your invited
Bring you friends too
It's so exciting
We're defying gravity
Somewhere in the galaxy
There's a party on the moon
And your invited
Bring you friends too
It's so exciting
Yeah yeah yeah
Party on the moon

Intergalactic
Whoa
And time is elastic
Everyone knows it
You hear all the static
Leave your troubles on earth take my hand
We're gona escape

We're defying gravity
Somewhere in the galaxy
There's a party on the moon
And your invited
Bring you friends too
It's so exciting
We're defying gravity
Somewhere in the galaxy
There's a party on the moon
And your invited
Bring you friends too
It's so exciting
Yeah yeah yeah
Party on the moon
Yeah yeah yeah

Party on the moon

Is anybody out there...
