Hmm yea  
Hey Yea

Can You imagine?  
What would happen?  
If we could have any dream  
I'd wish this moment  
Was ours to own it  
And that it would never leave  
Then I would thank that star  
That made our wish come true  
(Come true) oh yeah  
Cause he knows that  
Where you are is where  
I should be too

Chorus:

Right here, Right now  
I'm looking at you and  
My Heart love the view  
Cause you mean everything

Right Here, I'll promise you Somehow that tomorrow  
Can wait for some other  
Day to be (to be)

If this was forever,  
What could be better?  
We already proved it was  
But in 2, 123 hours  
Blend in the universe  
Gonna make everything  
In our whole world change  
(It's our change, yeah)  
And you know that  
Where we are will,  
Never be the same oh no

Chorus:

Right here, Right now

I'm looking at you and  
My Heart love the view  
Cause you mean everything

Right Here, I'll promise you Somehow that tomorrow  
Can wait for some other  
Day to be (to be)

Oh we know it's coming  
And it's coming fast  
(As long as there's)  
(You and me)(Oh yeah)  
So lets make the our  
Second last, make it last!

Right here, Right now  
I'm looking at you and  
My Heart love the view  
Cause you mean everything

Right Here, I'll promise you Somehow that tomorrow  
Can wait for some other  
Day to be (to be)  
But right now there's  
You and Me(you and me)

Ohh you and me

But right here right now  
There's you and me
