Always on your best behaviour
Why'd we break up?
Can't remember why.
And I was so polite.
Couldn't look you in the eye

And I go back to that afternoon
When we kissed and it ended too soon
What can I say I didn't mean to
Push you away
With everybody else it never feels true
I cannot explain what I've been going through
No matter what I do it's only you

Every hand hold interlocking
Late night stay up, softly talking words
And I remember
The sweetness of your voice

And I go back to that afternoon
When we kissed and it ended too soon
What did I say, I didn't mean to push you away
With everybody else it never feels true
I cannot explain what I've been going through
No matter what I do it's only you

I go home and drink to your health
And I go home I only hurt myself

So I sing this song and faith it finds you
We have a hold, the kind you can't forget
And I'm still holding on
Maybe we can still be friends.

And I go back to that afternoon
When we kissed and it ended too soon
What did I say, I'll never push you away
With everybody else it never feels true
I cannot explain what I've been going through
No matter what I do it's only you

Meet me there in that afternoon (oh)

The longest day, the 21st of June (oh)
What did I say I'll never push you away
With anybody else it never feels true
I cannot explain what I've been going through
No matter what I do it's only you
No matter what I do it's only you
