I like your company
Got a new philosophy
And you
Such a gentlemen
You can take me on a cheap vacation
I don't wanna have expectations 'cuz you
It'd be the end of me
And I don't need a house on a hill
A swing on a tree
Grandfather Clock
Porcelain for tea
A garden
Rose and Jasmine

Wanna get drunk on a bottle of wine
The very way to pass the time
Forever by your side

I don't wanna be a bride
Apologies to your mother
I can be older
And share this life with you
But I don't wanna wear a [?]
You know it's too late for that
Can we keep the ever after
Could it be
Don't need no golden ring
It'd be no match for the love it brings
From London
To Tennessee
And we could
Catch a train to another life
On our way into the moonlight
I promise you
Will you promise me

Our last names on a wooden sign
Our [?] when the river starts to wind
Forever by your side

I don't wanna be a bride
Apologies to each other

But I could be older
And share this life with you
But I don't wanna wear a [?]
You know it's too late for that
But you can keep the ever after
Could it be
Just you and me

I, I, I
We will live like kings
Under lavender
Skies
Skies
We will live like kings
Under lavender
Skies
Skies
We will build a pole and then catch a ride
Wrapped our love in golden twine
We wrote
We wrote a legacy
Just you and me
Just like kings under lavender
Skies
Skies
We will
