Ive been mistaken
Youve swindled once again
Now theres no question
I-I was wrong
And now I stand alone
Just stuck here in your throne
And your true colors shone
You dont belong

And now Im lost
And now I run from you
And now I see
Just how I bleed from you
And all the lies, all the lies
How could I let you in
But now its clear
I went along for the ride
Ow
Uh uh uh ooow

Hey mister merry man
I know youll come again
Till you find just what youre looking for
And if Im your little lamb
Why would you leave again
I know, I bet youd stay for more

And now Im lost
And now I run from you
And now I see
Just how I bleed from you
And all the lies, all the lies
How could I let you in
But now its clear
I went along for the ride

And now Im findin out
You dont know nothin bout
Ooo what I thought you were
And now I understand
Just how you work your plan

First youre warm and then you just burn

And now Im lost
And now I run from you
And now I see
Just how I bleed from you
And all the lies, all the lies
How could I let you in
But now its clear
I went along for the ride

And now I make my way
Through another day
I, cause, I know better now
And drop another line
On someone elses time
But in me you still resound

And now Im lost
And now I run from you
And now I see
Just how I bleed from you
And all the lies, all the lies
How could I let you in
But now its clear
I went along for the ride
Ow
Uh uh uh ooow

And now
And now

Now
Now
