Stand up straight  
Do your trick  
Turn on the stars  
Jupiter shines so bright  
When you're around  
They tell us slow down  
We're too young, you need to grow  
The speed's the key  
And they don't know who we are

And who's to say that we're not good enough  
And who's to say that this is not our love

Mother, don't tell me friends are the ones that I lose  
Cause they'd bleed before you  
And sometimes family are the ones you'd choose  
It's too late now  
I hold on to this life I found

And who's to say we won't burn it out  
And who's to say we won't sink in doubt  
Who's to say that we won't fade to grey  
Who are they anyway  
Anyway they don't know

And you say we're too young  
But maybe you're too old to remember  
And I try to pretend but I just feel it when we're together  
And if you don't believe me, you never really knew us  
You never really knew

You and I, packin' up my room, we feel alright  
But we're not welcome  
Soon we'll be drivin', cause they don't know who we are

Who's to say we won't stay together  
Who's to say we aren't getting stronger  
Who's to say I can't live without you, oh  
Who are they anyway  
Anyway they don't know

And you say we're too young

But maybe you're too old to remember  
And I try to pretend, but I just feel it when we're  
together  
Who is to say  
And who is to say  
And who are they anyway

Stand up boy  
I shine so bright when you're around
