Hold on to your love
Don't let go
Hold on to your dreams,
Dreams and hopes baby
Fight with me, 'cause destiny

Every fear, every cry was in vein
Every smile, always lost
If you leave me* be, you're losing me and us
Ooooooooooh

Just hold on the memories in your heart
listen to the silence
Hold on and bring my love tonight
Hold on to me my baby 2x

Hold on to our love,
Don't let go
Hold on to our dreams,
Dreams and hopes baby
Fight with me,
'Cause destiny

Every fear, every cry was in vein
Every smile, always lost
If you leave me* be, you're losing me and us
Ooooooooooh

Hold on the memories in your heart
Listen to the silence
Hold on and bring my love tonight
Hold on to me my baby 2x

Just hold on the memories in your heart
Listen to the silence
Hold on and bring my love tonight
Hold on to me my baby

Hold on to me my baby...
