i dream of u and it feels like i am flying
i think of u when i am smiling
i am lost into your eyes
i sing our song and it feels like we are dancing
my broken heart cant stop racing
i love but is it wise..
she is born to run away
so sad that she cant stay
i wish she gives me one more day
i kiss my love good-bye
i hold her one last time
and suddenly i don't know why
lovers cryyy..

tell me the meaning of being together
if u keep running forever
i don't understand
what is the purpose of loving each other
cause every day i keep wonder
if i see u again
she is born to run away
so sad that she cant stay
i wish she gives me one more day
i kiss my love good-bye
i hold her one last time
and suddenly i don't know why
lovers cryyy..
