Just when it's getting good  
I slowly start to freeze  
Just when it's feeling real  
I put my heart to sleep

It's the memory, I can see  
Then this fear comes over me  
Understand that I don't mean  
To push you away from me

Why am I so afraid to crash down  
And lose my heart again?  
I don't know, I can't see  
What's come over me

Why am I so afraid to break down  
And lose my mind again?  
I don't know, I can't see  
What's come over me

You got a way  
Of easing me out of myself  
I can't stay but I can't leave  
I am my worst enemy

Please understand that it's not you  
It's what I do  
Just when I'm about to run  
I realize what I've become

Why am I so afraid to crash down  
And lose my heart again?  
I don't know, I can't see  
What's come over me

Why am I so afraid to break down  
And lose my mind again?  
I don't know, I can't see  
What's come over me

What's come over me?  
Come over me

What's come over me?  
Over me

Now I wonder what you think of me  
Don't know why I break so easily  
All my fears are armed surrounding me  
I can't get no sleep  
I keep running in circles around you  
Are you the trap I wanna fall into?

Why am I so afraid to crash down  
And lose my heart again?  
I don't know, I can't see  
What's come over me

Why am I so afraid to break down  
And lose my mind again?  
I don't know, I can't see  
What's come over me

Why am I so afraid to crash down  
And lose my heart again?  
I don't know, I can't see  
What's come over me

Why am I so afraid to break down  
And lose my mind again?  
I don't know, I can't see  
What's come over me
