What I'm going to wear my first day back to school

You could really rock the style with me

If I were you I'll be me obviously

How about me?

Pick me

I've got the looks

To go with the books

Style that gets a's

I'm used to the praise

Not based in class

It's my hand that gets arrised

Cute skirt

White shirt

Looking good enough

To fill auditoriuom

For Validictorian

Before me now

These shorts look smart

If you put it on right

Don't just go back

Arrive

Going back to school

And that's so cool

There's no trap

(Trap)

I gotta come back

And you

Can watch me ride

When I arrive

A walking music video

Straight off TV

A style radio tuned
To all the stations

If they cheats they a.m
The books they f.m
My hook and my look
Make em' crazy hectic
My image is like
My guitar electric
Turn my volume high
Let em' know your alive
Don't just go back
Arrive

Going back to school
And that's so cool
There's no trap
(Trap)
I gotta come back
And you
Can watch me ride
When I arrive

I'm sick
From insecurity
Popularity
It's like, just about parody
It's says
To rock so what
(It's a fear of me)

Don't look
I hit my style
When I'm gearing up
Don't try to go
Skip my time
Cause' the look's so edgy
And it's mine for long
So step it up, step it up
Don't take my time
Don't just go back
Arrive

Going back to school

And that's so cool
There's no trap
(Trap)
I gotta come back
And you
Can watch me ride
When I arrive

Going back to school
And that's so cool
Going back to school
And that's so cool
There's no trap
I gotta come back
I gotta come back
I gotta come back
And you
Can watch me ride
When I arrive
