I don't know what I'd do if I ever lost you
All the loneliness I would go through
But if you wanna leave I won't stop you

I've been gone so long,
I'm used to feeling alone
I estimated our love, my estimation was wrong
See I never knew what you were going through
But I just got back and now I see where you're at
How could you have doubted that I'd never be
distracted by
Any other guy no matter if he ever caught my eyes
We just need time, some time to connect
What I'm tellin' you now hope you never forget

I don't know what I'd do if I ever lost you
All the loneliness I would go through
But if you wanna leave I won't stop you
'Cause I don't want you if you don't want me
To be the one the only one you wanna run to
Baby boy you know I've just begun to
Realize what's important to me
So Don't leave, Don't leave

Maybe I should've tried to put your needs first
But my priorities were messed up and I know you got
hurt
See I never knew what you were going through
But I just got back and now I see where you're at
Think about it take a moment just to rewind
Everything that you believe and everything that was
right
Do you really want to stand there and tell me goodbye

When I'm saying I Still love you

I don't know what I'd do if I ever lost you
And all the loneliness I would go through
But if you wanna leave I won't stop you
'Cause I don't want you if you don't want me
To be the one the only one you wanna run to

Baby boy you know I've just begun to
Realize what's important to me
So Don't leave, Don't leave

Lonely days and lonely nights
That's where you be without me by your side
Better think twice baby, oh
This could blow up crazy
You know
I can't keep singing I'm speaking 'cause it's out of
control
I gave you everything
body, mind, heart and soul
But you keep breaking me
taking me to another low
Don't do it baby, don't do it, don't let me go
(I don't know, I don't know)

I don't know what I'd do if I ever lost you
And all the loneliness I would go through
But if you wanna leave I won't stop you
'Cause I don't want you if you don't want me
To be the one the only one you wanna run to
Baby boy you know I've just begun to
Realize what's important to me
So Don't leave, Don't leave

Baby boy don't leave me...
