What you think about this?  
I've been holding it in now I'm letting it flow  
What you think about this?  
I'm gonna do my own thing, yeah, I'm flying solo

So don't tell me how it's gonna be  
On my own and the thing of it is  
There's nothing 'round here  
That I'm gonna miss

'Cause you're holding me down, I just wanna fly  
And there comes a time when I gotta say goodbye  
To the life that you see me in  
Here's where I begin

And I promise myself  
I ain't nobody's, I just wanna be free  
And I promise myself  
Even though it don't always come easy

Gonna learn from my pain, never explain  
Do it my way, that's what I say  
Promise myself  
I'm the only one who will believe me

There's a voice in my head  
Telling me come on, come on, move on  
There's a voice in my head  
Telling me I know my right from wrong

They, they say what doesn't kill you  
Can make you strong, now I know what it means  
You can try to bend  
But you ain't breaking my dreams

I'll be making mistakes, coming up at a loss  
I'll be tumbling down but like MC shake it off

I'll stay cool 'cause I know who's boss  
Of me and myself and I

And I promise myself

I ain't nobody's, I just wanna be free  
And I promise myself  
Even though it don't always come easy

Gonna learn from my pain, never explain  
Do it my way, that's what I say  
Promise myself  
I'm the only one who will believe me

I'll keep moving even when the beat is gone  
I will, I'm on, I won't  
I'll keep doing what I gotta do to carry on  
I won't, I will, I'm on

So don't hold me down 'cause I'm gonna fly  
And the time is come and I gotta say goodbye  
To the life that you see me in  
Here's where I begin

And I promise myself  
I ain't nobody's, I just wanna be free  
And I promise myself  
Even though it don't always come easy

Gonna learn from my pain, never explain  
Do it my way, that's what I say  
Promise myself  
I'm the only one who will believe me

And I promise myself  
I ain't nobody's, I just wanna be free  
And I promise myself  
Even though it don't always come easy

Gonna learn from my pain, never explain  
Do it my way, that's what I say  
Promise myself  
I'm the only one who can come free me
