[Troy:]

Can you imagine what would happen if we could have
any dream

I wish this moment was ours to own it

And that it would think never leave

Then I would thank that star that made our wish come
true

Cause he knows that where you are is where I should
be too

[Troy:]

Right here, right now

I'm lookin' at you

And my heart loves the view

Cause you mean everything

Right here, I promise you somehow

That tomorrow can wait some other day to be

But right now there's you and me

[Gabriella:]

If this was forever, what could be better before it
proved it was

But in two thousand one hundred twenty-three hours
invented the universe

There's gonna be everything in our whole world change

And you know that where we are will never be the same

Oh no

[Gabriella:]

Right here, right now

I'm lookin' at you

And my heart loves the view

Cause you mean everything

Right here, I promise you somehow

Tomorrow can wait some other day to be

But right now there's you and me

[Gabriella:]

Oh we know its comin'

And it's comin' fast

(But theres always you and me)

Oh yeah
[Troy:]
So lets make this second last
[Both:]
Make it last

[Troy:]Right here
[Gabriella:]Oh right now
[Troy:]Yeah I'm lookin at you
[Gabriella:]And my heart loves the view
[Troy:]Cause you mean everything
[Both:]Right here, I promise you somehow
[Troy:]That tomorrow can wait
[Gabriella:]Some other day to be
[Troy:]To be,But right now there's you and me
[Gabriella:]You and me
[Troy:]You and me
[Gabriella:]Oh you and me
[Troy:]But right now is
[Both:]You and me
