You told me my life was over, now I'm talking
And everyway I say hello you cry on my Sholder
And I can't stand it anymore anymore anymore

When you cry I always make you feel better
But when I cry you always say suck it up
Butter cup yeah yeah yeah you know I'm not lieing
So losin' up fight it up yea yeah yeah yeah fight it up

When I always sing this song your world gets upside
down
And you know what I'm talking about you you you you
just
Go bulistic and I can't help it ohhhh oh oh oh

(Course)

Ohhhh... yea get get a grimp you just take the fun out
of
Everything but you know what

(Course 2x)

Oh yea fight it up fight it up fight up fight it up
