Bliss

Dear smoky room

Stardust in the eyes

Anything will rise

Our bellies bloomed

Sunset red fly toes

Haunted mind

Where I go there it goes

Your soul within mine

I'm a book in my dreams

See what I love you means

Far for the ground

Below the sky

No way around

Is where we hide

Between the sound

Before the light

My love and I live in never to be found

The music plays

Greatest overtimes

Candles burned down

For paper planes

Nothing is everything

Details too

You're the thrills for my wings

I'm flying for you

I'm a book in my dreams

See how I love

You feels

Far for the ground

Below the sky

No way around

Is where we hide

Between the sound

Before the light

My love and I live in never to be found

J'ai fini d'me chercher

Falling into your nest

Depuis qu'j't'ai trouv 
I call it bliss
La meilleure personne en moi
For the best and less and the rest
Au fond c'est toujours toi
Nothing is quite like it use to be
Mon   e, mon amour, ma foi
Deep down inside of me
Les anges se passeront de toi
I'm done searching for myself
Reste encore au creux de moi
Since you're flowing in my rains
Cinq minutes jusqu' l'infini

Far for the ground
Below the sky
No way around
Is where we hide
Between the sound
Before the light
My love and I live in never to be found

Below the sky
No way around
Is where we hide
Between the sound
Before the light
My love and I live in never to be found
