Close your eyes  
And let the starry night  
Touch your fingertips  
Like butterflies in flight  
My love  
The night is young  
I'll be by your side  
You can spread your wings  
The moon is up  
And he will be your guide

The Holy night  
Has never been so clear  
The beating of my heart  
Will tell you I am near  
Take to the skies  
You shall not fear  
A dream is made to come true  
Close your eyes  
The night will see us all through

And when the wind  
It whispers in your ear  
Time is on our side  
And we can turn the tide  
The time is now  
The heavens above  
Come closer to me  
The silver moon  
It shines for you my love.

Close your eyes  
And all the stars tonight  
Will send you down the light  
Heavenly butterflies  
My love the night is young  
Come closer to me  
For I'm in your near  
The angel of my heart  
Is you, my dear.
