Cut in your life, cut in your time, just cut, hey brother  
Now it's your turn to cut with all your friends, the white  
blood of sugar

Cut in your life, cut in your time, just cut, hey brother  
Now it's your turn, the sugar's ripe again, the white  
blood of nature

And it's harvest time again, cut, cut again my friend  
No one wants to share the pain, cut cut brother  
It's harvest time again, let's be brothers till the end  
Fer forgÃ©, hÃ© hÃ© hÃ© hÃ©, fer forgÃ© sucraÃ©.

Please save your life, please save your time, just cut,  
hey brother  
Now it's your turn to cut with all your friends the white  
blood of sugar  
Cut in your life, cut in your time, just cut, hey brother  
Now it's your turn, the sugar's ripe again, the new wait  
of nature

And it's harvest time again, cut, cut again my friend  
No one wants to share the pain, cut cut brother  
It's harvest time again, let's be brothers till the end  
Fer forgÃ©, hÃ© hÃ© hÃ© hÃ©, fer forgÃ© sucraÃ©.

Cut in your life, cut in your time, just cut, hey brother  
Now it's your turn to cut with all your friends the white  
blood of sugar

And it's harvest time again, cut, cut again my friend  
No one wants to share the pain, cut cut brother  
It's harvest time again, let's be brothers till the end  
Fer forgÃ©, hÃ© hÃ© hÃ© hÃ©, fer forgÃ© sucraÃ©.  
And it's harvest time again, cut, cut again my friend  
No one wants to share the pain, cut cut brother  
It's harvest time again, let's be brothers till the end  
Fer forgÃ©, hÃ© hÃ© hÃ© hÃ©, fer forgÃ© sucraÃ©.
