Tonight, I'm yours  
And you, are mine.  
I know a place we can hide.  
I know a place where we can finally see the rainbow  
And we can fly, fly, fly, fly  
I know a place, over the lonely, lonely rainbow  
Where we can make things right, ah-hah.  
I know a place where we can always be together  
And we can go tonight.  
(Lenny Kravitz: I know a place where we can live our  
lives, and I  
I know a place where we can see the light.)  
I know a place over the lonely, lonely rainbow,  
Where we can make things right, ah-hah.  
Over the lonely, loney, lonely, lonely, a-rainbow
