F all we know is gone
I'll live for your embrace
And if the sky falls down
Love will shine on my face
I'm more than missing you
With every breath I take
I wish to dream of you
As I lay awake.

Oh, they're sing softly
Forever pulling me through
Oh, I'm singing softly
I'm coming home to you

I'll sleep among the streets
In places I can hide
I'll tread the shores of fear
I will battle landslides
Slowly growing weak
As every night goes by
I'll trust what I can't see
If you stand the test of time
Oh will you wait for me
When the sun begins to die?

Forever I'll hang on
To the words that you say
Whatever it costs me
I'll keep the promise I made
