There's a chill in the air tonight
I felt it on my way
To your place
And I took it as a bad sign
You tell me that you're intrigued
That you want the rest of me
I've got a feeling I've been deceived
And I'm caught up in your landslide

I'll see you on the other side of
Three sunsets and three sunrises
I'll see you on the other side
La da da da da
La da da da da

Oh, be still my heart
Don't make a move
Don't take a breath
I wish I knew what I am getting myself into
You tell me it's hard to breathe
You still want the rest of me
I've got a feeling I've been deceived
But there's something I hold on to

If it's cool, I'm gonna call it now
We're gonna drop (drop drop) it all
And if it's true I'll be the last to know
That we have stop (stop stopped) it all
