My circus train pulls through the night  
Full of lions and trapeze artists  
I'm done with elephants and clowns  
I want to run away and join the office

Aimless sister, you're surrounded of  
Angel faced and that I'm astounded  
How sweet you are  
How sweet you are

In your long, black American car  
And you know just where to find me  
If I don't know who you are  
You will remind me

There's a girl down in the bar  
A flaming star upon her shoulder  
Slugging hot pink frozen drinks  
To put the foot down on her smolder

Easy, cowboy, what's the rush now?  
She may cleave me like a snowplow  
How sweet you are  
How sweet you are

In your long, black American car  
And you know just where to find me  
If I don't know who you are  
You will remind me

All the lazy days are gone  
Still the grind is grinding on  
Throw the memories in a drawer  
Lock myself behind a door

Aimless sister, you're surrounded of  
Angel faced and that I'm astounded of  
Easy, cowboy, what's the rush now?  
She may cleave me like a snowplow  
How sweet you are  
How sweet you are

In your long, black American car  
And you know just where to find me  
If I don't know who you are  
You will remind me

Long, black American car  
And you know just where to find me  
If I don't know who you are  
You will remind me

You will remind me  
You will remind me  
You will remind me  
You will remind me  
You will remind me
