They say that God is great
They say that God is love and I believe them
Don't fear the random fate
I trust the hand of the Almighty and the infinite

His truth is marching on
His truth is marching on
His truth is marching
His truth is marching on
His truth is marching on

Let me know your enormity
And my tininess
And help me see your infinity
And my finiteness

And I'm fucking starved for love
I deeply need to feel connection with the infinite
I want the nourishment
I need to drink it just like water, and it will sustain me

His truth is marching on
His truth is marching on
His truth is marching
His truth is marching on
His truth is marching on

Let me know your enormity
And my tininess
And help me see your infinity

His truth is marching on
His truth is marching on

His truth is marching on
His truth is marching

His truth is marching on
His truth is marching on
His truth is marching
His truth is marching on
His truth is marching on

Let me know your enormity
And my tininess
And help me see your infinity
And my finiteness and
