Live on the fat man's dime
Stevedores bear the chair you ride
Show mercy girl, show the ghost to me
Your ornaments and gimcrackery

Navigating by the stars at night
Navigating by the stars at night, na, na, na
Navigating by the stars at night
Navigating by the stars at night

Navigating by the stars at night
Navigating by the stars at night, na, na, na
Navigating by the stars at night
Navigating by the stars at night

You made your bones in these dicty burbs
Gritty days, they mocked the words you slurred
Lemonade gulped on balconies
Giggling strange birds in the trees

Navigating by the stars at night
Navigating by the stars at night, na, na, na
Navigating by the stars at night
Navigating by the stars at night

Medicating in a minivan
Medicating in a minivan, ma, ma, ma, ma
Medicating in a minivan
Medicating in a minivan

Navigating by the stars at night
Navigating by the stars at night, na, na, na
Navigating by the stars at night
Navigating by the stars at night

Navigating by the stars at night
Navigating by the stars at night, na, na, na
Navigating by the stars at night
Navigating by the stars at night

Roll the road alone, roll the road alone
Roll the road alone, roll the road alone

The road alone, the road alone
The road alone, the road alone
